

TELDIO TRUFLEET PLUS FOR AVTEC SCOUT

Precise Indoor and Outdoor Location Tracking, Messaging, Alarming and Integrations for Two-Way Radios within your Avtec Scout Console™

EXTEND YOUR AVTEC DISPATCH SOLUTION WITH TELDIO

Teldio TruFleet Plus is available directly within your Avtec Scout Console™ to enable accurate location tracking for both indoor and outdoor environments, radio messaging, emergency alerting and video integration.

- Increased visual situational awareness
- Communication via the most appropriate channel
- Trigger video surveillance in dispatch deployments

ACTIVE ALARMS

Receive alarms from video, access control systems, sensors, fire panels, sensors, and legacy systems, directly in your Avtec Scout Console™.

HIGH SCALABILITY

Teldio TruFleet Plus works with your existing radio system, with the ability to handle thousands of radios.

SIMPLE DEPLOYMENT

Teldio TruFleet Plus is installed directly into your Avtec Scout Console™, making the deployment process quick and easy.

PRECISE LOCATION TRACKING

Accurately track the location of employees, assets, and vehicles, both indoors and outdoors.

RADIO MESSAGING

Easily send messages to radios from within your Avtec Scout Console™.

CUSTOMIZABLE MAPPING

Import your own indoor and outdoor standard-based maps, enabling a familiar visual view of your environment.

PRECISION LOCATION CAPABILITIES AND AUTOMATION

Stay connected to your employees, vehicles, and assets by tracking the location and movements of radios. Teldio TruFleet Plus improves communication with your remote workers to enhance productivity and ensure the safety of your employees and valuable assets, all from within your Avtec Scout Console™.

INDOOR TRACKING

Monitor Your Employees' Location and Safety

Track the location of your personnel to quickly find employees in an emergency, or direct the closest person to an event.

OUTDOOR TRACKING

Track Your Fleet and Valuable Assets

Know the location of your fleet of vehicle installed or portable radios. Review location reports to optimize your business.

AUTOMATION BASED GEO-FENCING, LOCATIONS, AND EVENTS

Teldio TruFleet Plus seamlessly automates enterprise workflows based on geo-fencing, specific locations, and location based radio events to trigger video or 3rd party system actions. Teldio TruFleet Plus installs directly into your Avtec Scout Console™, integrating your two-way radio fleet with enterprise systems to optimize logistics, supply chain, security and operations.
