

# REDESIGNED TO BE THE BEST

## 3142r1 HIGH BACK

The 3142 set the standard for 24/7 Intensive Use Chairs. The first chair to combine state of the art ergonomics with unmatched durability; the newly redesigned 3142r1 is raising the bar for 24/7 chairs, now offering quick-change slip covers.

### — KEY — POINTS

#### **ERGO AIR SUSPENSION SYSTEM™**

Our Ergo Air Suspension (EAS<sup>2</sup>)™ dissipates the occupant's weight over the entire chair surface improving blood flow and increasing oxygen levels to tissues. Improved blood flow and increased oxygen levels improves concentration and productivity and decreases fatigue. EAS<sup>2</sup> conforms to the shape of each occupant, as it almost instantly bounces back to original shape when weight is lifted. No springs eliminates the chances of squeaky or flattened springs.

**REPLACEABLE COVERS** - Covers can wear, but our frames are virtually indestructible. Bring back that 'brand new' look in minutes even after years of 24/7 service. Covers are held on by hook-and-loop and can be replaced in a matter of minutes.

**SAFETY CASTERS** - Smooth dual wheel design with spring action not to roll away unless there is weight in the chair. Dual connection point eliminates rattle for a smooth roll.

**ALL STEEL FRAME** - Ten gauge steel maintains original tensile strength and rigidity over years of 24/7 heavy duty use.

**ADJUSTABLE ARMRESTS** - No tools required to adjust. You can choose style, width and height for customized comfort, security, and support. Swing arm style will swing out of the way from a seated position.

**WARRANTY** - The best warranty you'll never need. Chair is covered by a 6 year warranty that includes all normal wear and tear. Chair is covered by a 10 year warranty that includes all manufacturing defects in materials and/or workmanship. Weight limit is 550 lbs. in a multi-shift environment.
