

## **AXIS M3027-PVE Network Camera**

Outdoor-ready fixed mini dome with 180°/270°/360° panoramic views

AXIS M3027-PVE is a factory-focused, 5-megapixel fixed mini dome that provides detailed, high quality 180°, 270° or 360° panoramic views. It has day and night functionality, maintaining high image quality even in low-light conditions. The vandal-resistant, outdoor-ready camera can be used to detect activities, track the flow of people and improve area management. It offers different views: 360° overview and dewarped views such as panorama, double panorama and quad views. AXIS M3027-PVE provides four individually cropped out and dewarped view areas where users can digitally pan, tilt and zoom in on areas of interest. Support for AXIS Camera Application Platform enables the installation of intelligent video applications such as people counting.

- > Compact, vandal-resistant, outdoor-ready design
- > 360°/270°/180° panoramic views in up to 5 MP resolution
- > Input/output ports
- > Digital PTZ and multi-view streaming with dewarped views
